Rev A – July 2026

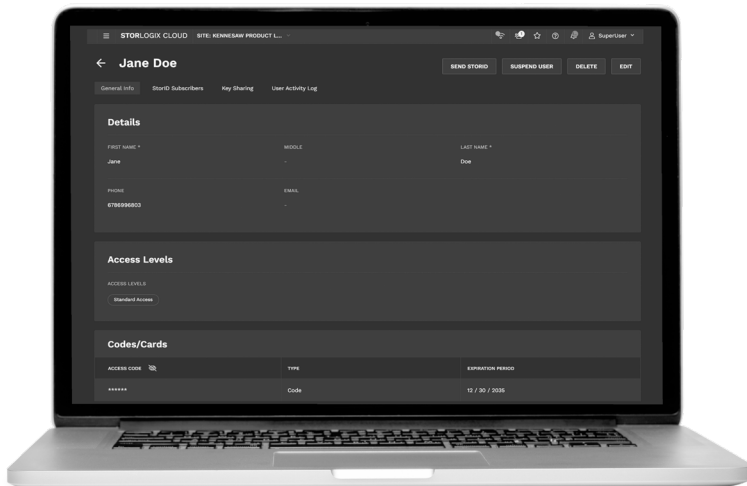

INTRODUCTION

This document outlines the procedures for operators and tenants to add new tenants to StorLogix Cloud and complete their enrollment in STORID.

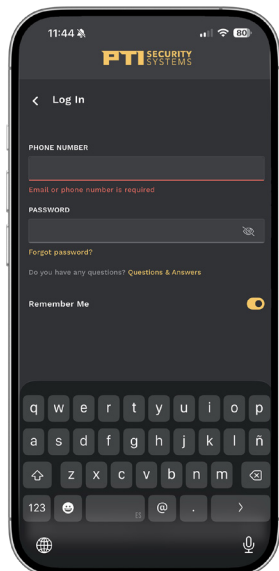

REQUIREMENTS: Ensure the user has a valid phone number in the Phone Number field. This field may be auto-populated from the property management system, or it can be added manually by clicking into the user’s details. For international numbers, enter the tenant’s country code followed by a 10-digit phone number.”

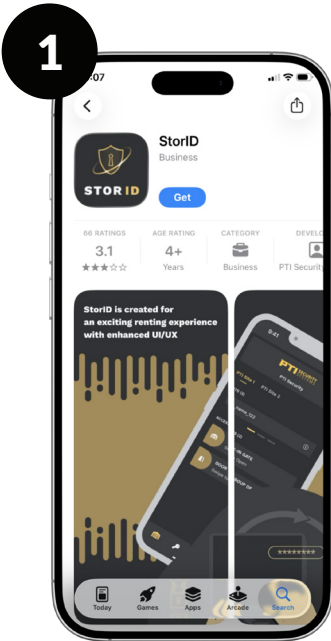

TRIGGERING THE TEXT: Click on “Send StorID” to send the tenant a text message with instructions of how to proceed with enrollment.

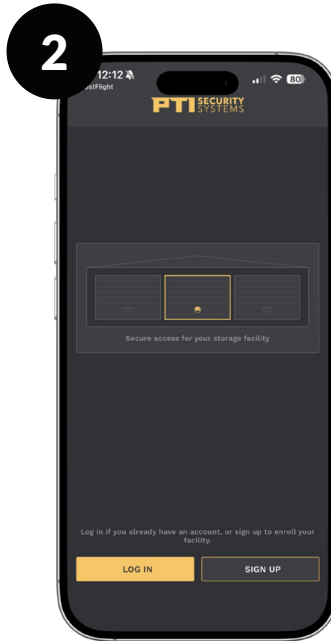

EXISTING USERS: Login via Email or Phone Number pertaining to the user and type the existing password. Click the Log In button.

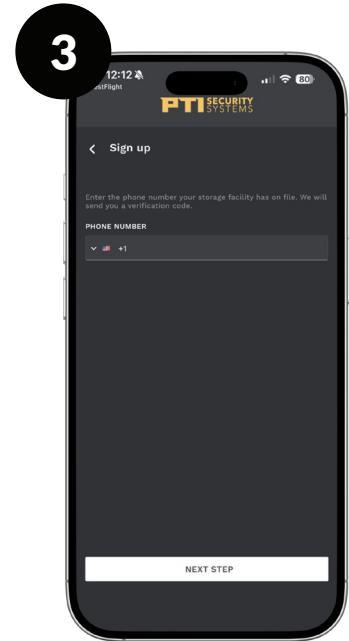

STORID Mobile App TENANT ENROLLMENT

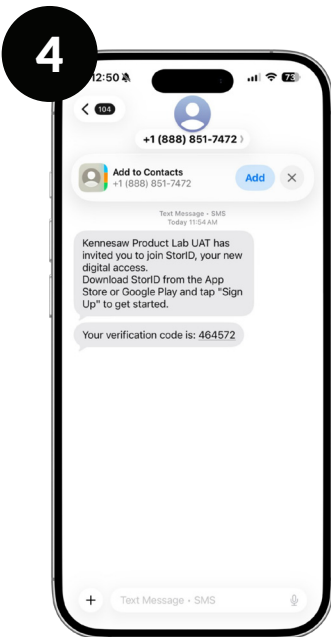

Download the StorID app from the App Store or Google Play Store.

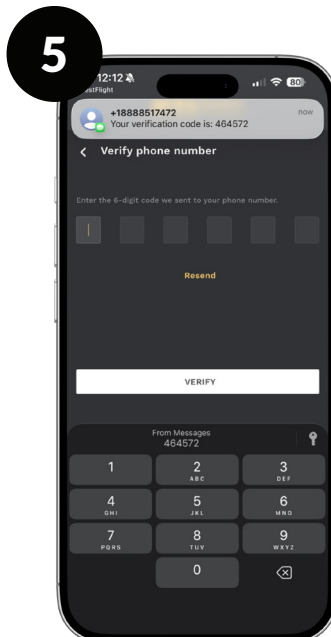

Once the app is open, Click On "Sign Up" to create your account.

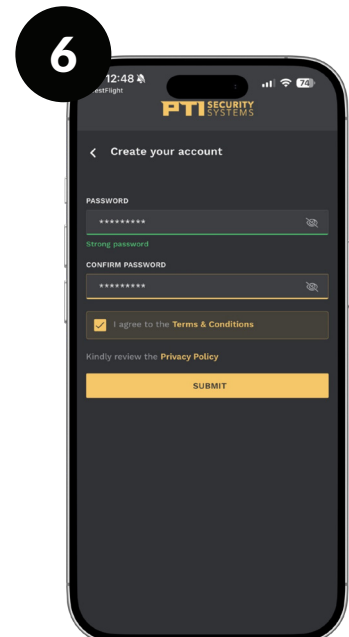

Enter phone number and tap "Send Code" to receive your verification code.

A verification code will be sent to your phone via text message.

Enter the code manually or tap "From Messages" at the bottom to autofill it.

Create a password, agree to the Terms & Conditions, then tap "Submit" to finish.

ASSA ABLOY

SHAPING THE INDUSTRY
SINCE 1979

PTI Security Systems gives operators a simple, centralized way to manage facility security and access control. Through a single cloud-based platform, you can customize access areas, monitor site activity, review events, and manage zones and alarms in real time. Backed by more than 40 years of industry experience, PTI delivers one of the most advanced enterprise access control solutions available for self-storage operations.

Since 1979, PTI Security Systems™ has been a trusted partner to the self-storage industry, providing reliable security and access control technology. Our innovative solutions help owners and operators manage their facilities more efficiently from anywhere, reduce operating costs, strengthen site security, and create a better experience for tenants.
